

DEPARTMENT OF EDUCATION

ONLINE EXTENSION LECTURE ON “ROLE OF EDUCATION FOR STRENGRHENING NATIONAL INTEGRATION AND INTERNATIONAL UNDERSTANDING” BY PROF. BANA BIHARI MISHRA

Objectives:

- To inspire the students in gaining expert knowledge & better insight and expand their academic horizons through online interaction with academicians.
- To stimulate the students & scholars with new avenues of thinking, creating steps for new ideas & bench marking research in general.
- To bring desirable changes in the mindset & outlook of the students and intend to instill ambition in them for higher standards of development.

About the Theme:

India is a land of diversities and the need of the time is to maintain a healthy balance between unity and diversity. The feeling of nationalism inspires all units of a society to work in unity for national development. The need of international understanding in the present perplexed world is more and the idea of internationalism which is based on ‘one world, one family’ can be treated in the ancient India “Basudheiva Kutumbakam”. Education is no doubt a potent and effective means of inculcating national unity and it can play a vital role to fan the flame of internationalism.

In this backdrop it is worth in mentioning that the online extension lecture programme initiated by Department of Education will throw light on the role of education for strengthening national integration and international understanding.

Topic	Date	Time
