Terms and Conditions

1. The work shall be executed as per the approved specifications and CPWD norms.
2. The work is time bound; hence time is the essence of the contract.
3. All the materials shall be got approved from the Engineer In-charge, CUO before consuming at site.
4. No T & P shall be provided by the University.
5. The work shall be executed under the strict supervision of the Engineer In-charge.
6. In case of delay, a penalty @ 1% per week shall be levied subject to a max of 5% of contract value.
7. In case of poor workmanship, the Board shall have the right to rescind the contract and get the work executed through any other agency at the risk and cost of the defaulting contractor.
8. In case the work is kept suspended without any valid reason, the Board shall be free to get the remaining work executed through any other agency.
9. The contractor shall be required to provide adequate safety for its workers and the Board shall not be accountable to any kind of injury/ accident at site.
10. 10% amount shall be retained as security as defect liability. In case no defect is observed the same shall be released.
11. The contractor shall take all safety precautions for his workers and shall be sole responsible for any mishap.

GENERAL

- 1. Mowing/Rubbish Removal:** The areas between the fences are required to be maintained in a neat and tidy manner. Any rubbish in the area shall be removed.
- 2. Disposal of Rubbish:** All rubbish and litter accumulated within premises shall be cleared and removed daily. The area shall be kept in a clean and tidy condition with all drive ways, paths, edges, kerb gutters and gullies swept and kept clear of debris at all times. All rubbish and debris shall be removed from site as and when required to maintain neat and tidy all times.
- 3. Maintenance of Area:** Maintain the area in a clean and tidy. Ensure the occupational health and safety guidelines are adhered to and the landscaping is maintained in good condition.
- 4. Maintenance of Pathways:** The agency is required to maintain the pathways by cutting the edges of boarder plants. All the litter needs to be removed and disposed

- 5. Review Meetings:** Regular and weekly meetings to be held with the Engineer-in-Charge by the Contractor or his representative in order to review the Horticulture works and submit a report.
- 6. Operations of Maintenance:** The contractor shall carry out the following operations as part of the maintenance
